

## **Report of the National Bowling Manager**

As of November 2023, this what has been accomplished—

Nest 182 will be the host. Bowling lanes have been reserved at Baden Bowl. An article has been sent to Courtney for publication in the winter issue of the Sokol. That same correspondence has been sent to the team captains of last year's tournament. Two hotels have been reserved in the group name of Polish Falcons of America.

The bowling entry has been sent to Courtney to make the necessary changes. The entry will be online beginning December 1. I will have paper copies available for those requesting one.

Nest 182 will be sending a welcome letter to all Districts and Nests informing them of events that will be happening during the tournament.

An email will be sent to the team that won team event at last year's tournament informing them of their free entry into the 2024 tournament.

I would like to THANK Trish DelBusse for all of her help in planning this tournament.

Respectfully Submitted,

Janet Knauber  
National Bowling Manager
